Profile

Proactive and committed front-end engineer with a strong grasp of web development technologies and experience with React.js. Currently advancing frontend developer skills at Eduberance, where I'm mostly working on creating dynamic and responsive user interfaces. finished a $5000 freelancing project for a cosmetic brand successfully, demonstrating my capacity to offer top-notch solutions that meet client objectives.

Experience

FRONTEND DEVELOPER | EDUBERANCE | DECEMBER 2023 – PRESENT (REMOTE)

· Developed and implemented a comprehensive Psychometric Test and an Entrepreneurship Acumen Assessment within Eduberance's platform.
· Worked collaboratively with design and backend teams to integrate frontend components seamlessly.

FREELANCE WEB DEVELOPMENT PROJECT | 40 DAY'S PROJECT

· Designed and developed a custom website using cutting-edge technologies, including:
· React.js for frontend development, ensuring a responsive and interactive user experience.
· GSAP (GreenSock Animation Platform) for 3D animations, creating engaging visual effects and transitions.
· Suwapp.js for dynamic color animations, enhancing the website's aesthetics and user engagement.
· Note: **I would be delighted to demonstrate this project and discuss the technologies used in more detail during the interview process.**

AX DEVELOPER | DYNATECH SYSTEMS | JAN 2023 – MAY-23

Education

INFORMATION AND COMMUNICATION TECHNOLOGY | MAY 2023 | LOK JAGRUTI KENDRA (L J UNIVERSITY)

COMPUTER ENGINEERING DIPLOMA | MAY 2020 | LOK JAGRUTI KENDRA POLYTECHNIC (L J UNIVERSITY)

Skills & Abilities

· HTML / CSS / JAVASCRIPT (Now slowly moving to typescript)
· Tailwind
· Reactjs
· Redux and Redux Thunk
· Recoil
· Zod for middleware
· Prisma ORM
· GSAP for animation
· Php
· MySql
· Git

OTHER MISCELLANEOUS SKILLS

Good at engineering best practices, coding standards, proactive communication, peer reviews, timelines.

Activities and Interests

Competitive FPS Gaming: I enjoy playing and following competitive first-person shooter (FPS) games.
Drawing: I recently started learning how to draw. It's a way for me to be creative.
